ASHRAF HOSSAIN

GRAPHIC DESIGNER

Hello, I am Ashraf; graphic design is my passion. I am passionately pursuing a challenging career in a dynamic organization where I will have the opportunity to use my talents. I have experience as a freelance and in-house graphic designer and have worked on various print, interactive, and digital design projects. From day one, I believe I can begin making valuable contributions to the design team at your institution.

Dear Hiring Manager,

As an enthusiastic, ambitious, professionally skilled Graphics designer, I would make an excellent addition to your team.

I am passionate about creating visually stunning designs that help brands grow in my search for new creative endeavours. Exploration, pursuit, and motivation are my frameworks for success. Identifying improved approaches and enhanced solutions to business challenges are activities that drive and inspire me. My organizational strength, people-centric nature, and eagerness to please gave me excellent interpersonal and communication skills.

Previously, I worked at Techmet IT Solutions as a graphic designer. My ability to efficiently turn around creative and eye-catching digital, UI, Social media, and motion designs have helped increase our clients' sales and engagement rates. Also, from my previous experiences, I have learned about team management, problem-solving capability, client handling, time management, working under pressure, project coordination, budget determination, and brainstorming out of the box. I have worked on numerous projects where Logos, Flyers, Brochures, Social Media Posts, Banners, User interface designs, and Motion designs were created. Apart from that, I have been a Freelancer for the last few years. Because my professional goals align with freelancing, I have focused on freelancing platforms entirely for the last few years. This is a platform where we need to have a self-driven, self-motivating, and creative personality, which is my essential part. My hard work has completed over 50+ projects, and each client is happy to work with me again.

I am eagerly waiting to speak more about my qualifications and skills. Please visit my portfolio at [[behance.net/mdashrafhossain](https://www.behance.net/mdashrafhossain)] and review my attached resume. Feel free to contact me for an interview at any time. I am sure that my experience and skills will be a valuable resource for your company. Thank you very much for your consideration.

Best regards

Ashraf Hossain
